173	more computers in the classrooms
174	Get Back Wickipedia
175	more computers in the classrooms for the students to use.
176	More Computers that are up to date
177	stay the same
178	I would like to see less restrictions to important educational websites like wikipedia and other informational websites.
179	I would like to see a bit more freedom concerning usage time. I don't think we use them enough because the teachers have to fight over who gets the mac lab and some key sources to the information we need are blocked. It's difficult to do projects when you can't use the internet, not because you don't have it, but because there are so many blocks on it. It's like holding a piece of chocolate ice cream cake in front of a hyperactive child, and telling them they can't eat it. Pure bogus. Plus, the library isn't open enough, or is open at inconvenient times, and we don't have access before or after school.
180	not much, everything is good
181	let us use Facebook and listen to music.
182	I think we should have more access to different things on the internet, not so many things being blocked.
183	listen to music.
184	the unblocking of help full sites where you can get information from
185	More books for reading enjoyment.
186	not as many blocked sites
187	It'd be nice if we could use computers more often in our curriculum.
188	let us use Facebook!!! and listen to music!!
189	I think everything is very good and have no complaints
190	the computers in the ACAD class are extremely slow
191	N/A
192	n/a
193	let us use facebook, listen to any music, and watch any videos
194	its fine.
195	Sometimes in my study hall there is a lack of computers because people use them for dumb things. I'm an erving student and I literally have to use the computer to do my homework. If there wasn't so many things blocked we could do more things such as out homework!
196	none
197	na
198	more work on computers
199	more computers in the library
200	To have YOUTUBE back and FACEBOOK when homework is done
201	When I need to watch a movie for a class it would be nice to be able to watch it here and not at home.
202	more access to websites

203	i wont be here
204	more computers so we can all go into the library, because we cant go into the mac lab if there isnt any supervision,
205	Better technology
206	it should stay the same because alot of people don't read anyways
207	dont care well not help us after we grateuate so we wont get any
208	n/a
209	we need better computers that work all of the time and there has to be more computers available. plus all of the access denied web pages must be blocked because it is hard to look things up for social problems and other classes
210	more things that can be accessed and not blocked
211	None
212	Fix school lunch
213	more computers.
214	No clue
215	Actually be able to use computers the library is never open when you need to use them!!!!
216	more cowbell
217	more cowbell
218	none
219	All teachers should be required to take technology courses.
220	more computers in the library
221	All teachers to have iPads and laptops for use at home and school. More inservice on how to utilize the material given.
222	e-readers for every student -- no more textbooks or paperbacks.
223	improve laptop login and internet capabilities, make the lab more accessable, more moodle training
224	HS teachers with ipads
225	Faster internet, and ipads for teachers
226	I need a smart board in my classroom for senior social problems, the spanish room.
227	all is fine
228	Ability to transfer vhs tapes to dvds.
229	ipads in the rooms
230	ipads in the room for science !!! computer simulations for physics and chemistry!!!!
231	ebook accessibility
232	Create a schoolwide news show.
233	none
234	I'd like to get my SMART board installed. It has sat for two months.
235	audio books
236	more inservice
237	probably more inservices in order to improve my personal skills
